

CERTIFIED CARBON OFFSET

awarded to

TransConnect B.V.

TransConnect B.V. contributes to a verified sustainability project that removes carbon from the air or ensures that less carbon is released into the air. With this, TransConnect B.V. takes an important and measurable step in its own sustainability.

Carbon offsetting is essential to achieving the goal of limiting global temperature rise to a maximum of 2 degrees by 2050, as set out in the Paris Climate Agreement.
